EDUCATION

Adama Science and Technology University Special School

Graduated July 2026 | Adama, Ethiopia
High school diploma. Ranked first in my section every year. Intended field: cognitive science.

Gap year

Now | 2026 to 2027
Developing Logbook, competing in CTFs, teaching weekly Bible lessons.

ACTIVITIES AND EXPERIENCE

Logbook

Founder and developer | 2026
A private, offline-first journaling platform with an AI companion that asks a daily question and recalls past entries and photos. Telegram logging, Spotify history and offline sync, over three months of development.

ThinkNeuro

Summer research intern | Grade 11
Co-authored a bibliometric review of the 100 most-cited papers on wearable nanotechnology and biofeedback for detecting adolescent depression and anxiety. Ran keyword-trend analysis (1980s to 2022), helped build the poster's data visualizations, presented at the research symposium.

Peace Club, YMCA-affiliated

Founder and president | Grade 12
Grew it to 63 registered members. Led two sessions a week on gender-based violence and peacekeeping.

Community education initiative

Summer tutor and program organizer | Grade 12
Organized and taught a two-month program for 36 students, over 90% girls. Three classes a week, national exam prep for grades 6 and 8.

INSA cyber talent program

Selected trainee | Grade 10
National cybersecurity program for young technical talent.

Obstacle-avoidance robot

Project lead | 2023
Led a team of four. Wired sensors to motor control, debugged hardware and code, tested a working prototype.

Independent and team competitions

CTF competitor | Grade 10 to now
Three contests, best finish 9th of 53 teams.

Debate club

Debater | Grades 9 to 12
Argued three team rounds on school systems; won with my team.

Kaleb Dida Abera

Local community

Volunteer Bible teacher | Grade 10 to now
Weekly Sunday lessons for 12 neighborhood children.

PJ Masks Playground Adama

Part-time employee | Grades 7 to 10
Waiter, cashier and children's play attendant on weekends for four years.
